

# YOU COULD BE A LIFESAVER

The law around organ donation  
is changing in spring 2023.

Find out more at:  
[organdonationni.info](https://organdonationni.info)

## What does the law change mean?

- It will be considered that you agree to being an organ donor after you die, unless you choose to opt-out at [www.organdonationni.info](http://www.organdonationni.info)
- You still have a choice if you want to donate or not
- Register your decision at any time on the NHS Organ Donor Register, there is no deadline
- Your family will always be consulted and your faith and beliefs will still be respected
- Whatever you decide, tell those close to you to help them support your decision
